

「Revision to Cambodia’s Entry Requirement During Covid-19」

In the purpose to strengthen and carry out more effective measures to curb the spread of Covid-19, and to facilitate entry into Cambodia for all travellers, the Royal Government of Cambodia (RGC) has decided to make revision to some of the entry requirements and the implementation of the Sponsorship Mechanism, as announced by Cambodia’s Ministry of Health (MOH). The revision will go into effect from 18 November 2020.

As part of the revision, travellers to Cambodia has been separated into the following four categories:

- 1. Foreign business travellers (e.g. investors, business personnel, company employees, specialists, technical experts), who have sponsorship from business entities in Cambodia, and who are from China, Japan, South Korea, Vietnam, Thailand, United States and the European Union**
- 2. General foreign business travellers**
- 3. Foreign travellers, who hold a Diplomatic “A” visa or Official “B” visa**
- 4. Cambodian nationals, who hold a Cambodian passport or a foreign passport**

1. Foreign business travellers (e.g. investors, business personnel, company employees, specialists, technical experts), who have sponsorship from business entities in Cambodia, and who are from China, Japan, South Korea, Vietnam, Thailand, United States and the European Union

Before Departure to Cambodia

The following documents are required:

- a) Validation Certificate on Payment Guarantee issued by RGC
- In order to receive this letter, a guarantee from the CEO, president or a shareholder of the business entity in Cambodia is required.
 - The business entity in Cambodia must apply for sponsorship for the foreign business traveller from any of the websites below:
 - RGC (www.registrationservices.gov.kh)
 - Council for the Development of Cambodia (www.cambodiainvestment.gov.kh)
 - MOH (www.cdcmoh.gov.kh)
 - During application, a 14-day detailed schedule (with purpose and place of stay) of the foreign business traveller must be submitted.
 - It takes around 1-2 days for approval after application.
 - Once application is approved, a Validation Certificate with 30-day validity will be issued.
 - Submission of the Validation Certificate at the Cambodia Embassy/Honorary Consulates when applying for visa, as well as during immigration in Cambodia after arrival is required.
- b) Valid business visa issued by the Cambodia embassy/Honorary Consulates

ANNEX

A) Pre-flight Covid-19 Test/Medical Certificate

1. All business travellers (and K-visa holders) must take pre-flight Covid-19 test and have medical certificate indicating negative result.
2. Pre-flight Covid-19 test must be done via nasal swab, not saliva testing.
3. Medical certificate must be issued within 72 hours prior to departure, not arrival. And it is 72 hours from time of test result issued, not time of test administered. Therefore, if your flight is on Monday morning, 11.00am, your test result must be issued on Friday morning, from 11.00am and above. Bonus point if you can get your test result issued within 24~48 hours, just in case your flight got delayed suddenly.
4. Medical certificate to be computer-printed if possible, but doctor's signature and stamp must be hand-signed. We heard that hand-written medical certificates are not being accepted, and you may be rejected for plane boarding or deported on arrival.
5. Request your doctor to sign in blue ink if possible, to avoid looking like it's printed signature.
6. Medical certificate must be in English and must indicate "NASAL SWAB" and "NEGATIVE". Statement like "No Covid-19" is not accepted.
 - Inform and request your doctor on all the above before taking the PCR test.
 - Prepare a few copies of medical certificate for submission to airlines, immigration etc., where required.

B) Validation Certificate of Guarantee Payment & 14-Day Activity Schedule

1. Applies to foreign business travellers with sponsorship from business entity in Cambodia **only**.
2. Print and prepare a few copies of Validation Certificate and 14-day Activity Schedule for submission to airlines, immigration etc., where required.

C) Covid-19 Insurance

1. Pre-flight insurance purchase for Covid-19 is required for General Foreign Business Travellers **only**.
2. Purchase from Forte Insurance company is highly recommended (online purchase via credit card).
3. Print and prepare a few copies of insurance document for submission to airlines, immigration etc., where required.

D) USD2,000 Deposit

1. Deposit of USD2,000 is required for General Foreign Business Travellers **only**, after arrival in Cambodia.
2. Deposit can be paid via cash or credit card. However, cash payment is highly recommended in case your credit card cannot be read by the ATMs at the airport or if machine is down. Or standby some cash just in case.
3. Note that some banks may charge an admin fee of USD30.
4. After paying the deposit, a receipt will be given. Keep the receipt safe with you at all times because you need it to get your deposit back.

E) After-Arrival PCR Testing and Mandatory Quarantine

1. All business travellers must undergo PCR testing after arrival in Cambodia.
2. For foreign business travellers who are sponsored, they are to wait at MOH's designated hotel for PCR test result.
 - Travellers who are tested negative, **AND** who have no passengers on same flight tested positive, will not be subjected to 14-day compulsory quarantine and second PCR test on the 13th day of stay. However, they are to adhere to their 14-day activity schedule submitted and carry out self-quarantine where required.

This is an unofficial translation of notice from Cambodia's Ministry of Health for reference purposes only. We accept no responsibility or liability for the accuracy or completeness of the information provided.

- Travellers who are tested positive, **OR** who have passengers on same flight tested positive, will be subjected to 14-day compulsory quarantine and second PCR test on the 13th day of quarantine.
3. For general foreign business travellers, they are to wait at MOH's designated hotel for PCR test result.
- Regardless if travellers are tested negative or positive, they will be subjected to 14-day compulsory quarantine, and second PCR testing on the 13th day of quarantine.

Summary

The revision this time has brought about a significant number of changes to the entry requirement for Cambodia. We ask for all travellers to check and be aware of the category they are under, and prepare the necessary documents accordingly. We also recommend to have a copy of official statements on Covid-19 requirements released by Cambodia's MFAIC (Ministry of Foreign Affairs & International Cooperation), Ministry of Health, or SSCA (State Secretariat of Civil Aviation) to show as proof and for explanation to airlines or immigration etc. if required.

In any case, always check for the latest updates with embassy/honorary consulates, as well as the airline company you are using, once more before departure.

Once again, we urge everyone to be **Socially Responsible** – Wear Mask, Social Distance, and Stay Home if you are required to.
